Do you have energy and passion?

Do you have creative skills in the play and the arts therapies?

Then volunteering in Romania might just be right for you. Despite the changes since the orphanage scandals, there is still a lot of work to be done. Damaged children have become teenagers with many attachment issues, and you will be able to work directly with children and teenagers with attachment and resilience needs: Railway Boys, Crystal Children, Little Bears and Rowan's Roma children. We have innovated the training of Play Therapists and Dramatherapists, and you will also have the opportunity to meet with Romanian colleagues. You will gain a Certificate in Creative Care, (24 hours training, 6 days of practice and supervision).
